BIOGRAPHY

Dr. Giovanni Bistoni is a highly accomplished plastic and reconstructive surgeon with extensive international training and over a decade of clinical and academic experience.

He currently serves as a Consultant at the Hospital General Universitari de Valencia in Spain and leads his own private clinic in Valencia, where he delivers highly personalized, patient-centered care.

Specialized in reconstructive microsurgery, with a strong focus on breast reconstruction, Dr. Bistoni earned his medical degree and specialization in Italy with highest honors, and later completed a Master's Degree in Reconstructive Microsurgery in Spain. His expertise has been further strengthened through prestigious fellowships and visiting positions across leading institutions in the United States, United Kingdom, Mexico, and Europe.

In parallel with his clinical work, he is an Assistant Professor at Università degli Studi di Roma "La Sapienza" and an active contributor to the scientific community, with over 50 peer-reviewed publications and contributions to international medical textbooks. He also serves as a reviewer for PRS Global Open and as Associate Editor of the IBAMPS, reflecting his active role in advancing scientific rigor and innovation within the field.

Dr. Bistoni is a member of several leading global societies in plastic and aesthetic surgery, underscoring his commitment to excellence, innovation, and continuous medical education worldwide.
